

SIERRA NEVADA CLASSIC

22

All my life I've always come back to one thing, every road is another blessed memory, a new experience to carry inside my journey, a sense of belonging to a familiar tribe, a brotherhood that goes beyond a bloodline.

Jess "Chief" Brynjulson

Gentlemen,

As the summer months begin to dwindle and the coolness of fall begins to descend on the Carson Valley, The Sierra Nevada Athletic Commission is very excited to welcome you to the 22nd Annual Sierra Nevada Classic! For the sixth year in a row, our host will be the Carson Valley Inn and with all other venues remaining the same during the Classic weekend, members should begin to feel a sense of familiarity and ease with their surroundings allowing you to showcase your athletic prowess and other redeeming skills and qualities.

There are plenty of juicy storylines as we enter SNC 22. Can the Point Shavers or Penetrators capture a Classic record 7th title? Will Let It Ride, Stage Fright or Powell's Brickyard take their first ever franchise trophy? Will Bacon be able to stay away from stitches? Can Full House make it to breakfast on time? We eagerly anticipate the answers to all these questions and more! As always, The Commission would like to thank all Classic members and their families for the time and sacrifice to dedicate to a weekend of friendship and comraderies.

Lastly, from the immortal words of Founder Mike "The Silent Assassin" Borda, "Remember Gentlemen, this is a league of professionals. While participating in this tournament you are expected to hold yourselves up to the highest standards and levels of sportsmanship. May the best team win!"

Scramble Rules

Method of play and rules:

1. Play begins with each member of the group teeing off.
2. With the agreement of the other members of the group, the team captain decides which drive is the most desirable.
3. The other members of the group pick up their balls and proceed to the spot of the selected drive, where they will hit their second (or third, or fourth, etc. shot).
4. After the shot, all balls may be placed within one club length of the original ball. This may be done either to the side or backwards. Balls may not be placed closer to the hole.
5. In placing the ball, you may not change the condition of the shot. If the ball is in a hazard (e.g. sand trap, rough) all members of the team must play their shot from the trap or rough, respectively.
6. This procedure continues until the ball is in the hole.
7. On the putting green, **do not hole out a short putt if you have missed your first putt.** The first ball putted must count. Mark your ball and wait. If the second or third putt is better, mark that putt. Under no circumstances will there be any gimmies.
8. At the end of each hole, the score for the group is recorded on the card.
9. All scorecards must be kept accurately and per hole.
10. Each player on the team must contribute at least **two** tee shots per 18 holes. If only three members are on a team, **three** tee shots must be used per 18 holes. When recording your score on the card, you must input which player's tee shot was used on every hole. Also mark down which member of your team made the putt.
11. The maximum score allowed is a double-par. After that, simply pick up the balls and move on to the next hole.
12. In case of tiebreaker after 18 holes, playoff rules for winner will be based on golf course availability and/or agreement between applicable captains on tiebreaker procedures.

SNC Horseshoe Tournament Rules

Method of play and rules:

1. All court layout dimensions, playing equipment and scoring will follow the official rules sanctioned by the NHPA (National Horseshoe Pitchers Association of America).
2. Cancellation scoring will be used to keep score during the tournament.
3. Ringer: Ringers cancel each other. A ringer of one contestant shall cancel a ringer of another contestant and those shoes shall not score any points. Any uncanceled (live) ringers shall score 3 points.
4. Shoes in Count: A shoe in count (upright horseshoe length from the stake) shall score one point under the following conditions: If there are cancelled ringers and no live ringer, the closest shoe in count to the stake shall score one point. If there are no ringers, the closest shoe in count to the stake shall score one point. If the other shoe of the same contestant is the second closest shoe in count, it shall also score one point. If there is one uncanceled ringer and the other shoe of the scoring contestant is the closest shoe in count to the stake, it shall score one point (four points total).
5. On tournament day, there will be one scorekeeper per game. This score sheet shall be the official record of the game. Contestants are encouraged to pay close attention to the score at all times. If a question or discrepancy occurs regarding the score, the contestant(s) may approach the scorekeeper between innings to rectify the situation. This scorekeeper or other identified authority will also judge any discrepancy of which contestants shoes are closer to the stakes during the game. If discrepancies cannot be corrected to the satisfaction of all contestants, the tournament judge shall be called in to make the final decision.
6. Each team will be comprised of four pitchers. Each team will be selected into an eight team bracket that will be drawn on seeding night.
7. The Horseshoe Tournament will begin with your team dividing into two teams of two contestants. **(These teams must be determined before seeding)**. Your two teams will be matched against the other team in your bracket who will also divide their team into two teams of two contestants.
8. Please note that your "A" squad will match up with your opponents "A" squad along with "B" squad vs. "B" squad in your individual bracket. If both of your split squads win, you advance out of bracket. If one squad loses and the other wins, only the winning squad can participate in the tie breaker to advance to the next round. Also, the bottom team in the bracket will call the coin toss and be able to choose individual match ups within the bracket. There will again be a coin flip in case of a tie breaker.
9. Each game will be played to twenty-one points (First team to twenty-one, no need to win by two points). However, the skunk rule will be in effect. If any team scores eleven points before their opponent scores one point, the game is over. Final score would be (11-0).
10. The Sierra Nevada Athletic Commission will allow alcohol, smoking and chewing during this tournament event.

SNC Bowling Tournament Rules

Method of play and rules:

1. Teams will begin round one play based on Thursday night bracket seeding.
2. The teams that win in the first round will advance to the second round and either the title or consolation games via match play.
3. If two teams are tied at the end of 10 frames of bowling, the Captains from each team will bowl against each other frame by frame until there is a winner.

Overall Tournament Scoring Rules

1 st Place In An Individual Event.....	4 Points
2 nd Place In An Individual Event.....	3 Points
3 rd Place In An Individual Event.....	2 Points
4 th Place In An Individual Event.....	1 Point

Tiebreaker

If the day ends with a tie for first place in the overall tournament, a bowl-off will be implemented to determine the champion. Then, in order to determine the overall finish other than first, total points and then total bowling average will be used to rank teams.

PREVIEW

Sierra Nevada Classic Cameraman

Jon “Bucky The Wonder Horse” Faulkner

It has been rumored that after being behind the camera for all eleven of his years at the Classic that this athlete might want to try his luck in front of the camera. Stranger things have happened, but the Commission first needs to up their insurance policy to account for AARP activities so for the time being look for him to continue his mastery with motion and still photography.

Sierra Nevada Classic 1st Alternate/Still Photographer

Scott “The Boz” Foster

After two years of admirably spot starting for two different squads, The Commission has officially announced that The Boz has been designated as the First Alternate for any last minute cancellations, injury or inability to perform by any competing athlete in the Classic. Due to his fierce level of competition, athletes should be careful of any Visine or roofie drops in their libations.

PENETRATORS

YEARS IN LEAGUE: 21

- **CHAMPIONSHIPS: 6 (2016, 2012-11, 2008, 1998, 1996)**
- Golf Titles: 1 (2016)
- Horseshoe Titles: 1 (2011)
- Bowling Titles: 8 (2016-14, 2012-11, 2009-08, 2000)
- Wiffleball Titles: 1 (1998)

2016 Sierra Nevada Classic – Champions (1st Place Golf, 2nd Place Horseshoes, 1st Place Bowling)

For the second year in a row, the Penetrators came into the Classic a man down since Bacon was once again scouring the backwoods of Elko and hospital dumpsters for food scraps to fatten up his skinny pigs. A gray cloud hung over the squad as uncertainty dominated the team's discussions. Then came the announcement that an offspring of Bacon's, Garett "Sizzlean" Isaman, would be, as it was in the 1980s, the substitute for Bacon. The previous year's last place finish in golf was soon a distant memory as 5 birdies and a dramatic eagle on 18 placed the Penetrators at the top of the golf totem pole for the first time in Classic history, thanks to key strokes by the rookie, no snap hooks from Paw, typical drives from Flame and the experienced cart navigating of Greez. Going into Day 2, any points in horseshoes would put them in prime position with a legit shot at another title. After taking advantage of Full House being a man down and winning the third game after a split, the Penetrators took both games in the semis from Let It Ride, 21-9 and 21-15, to set up a showdown with the Colt .45s. The hopes of a first-place finish in 'shoes were quickly dashed however by a pasting at the hands of the .45s. On to the lanes, typically a strong event for the Penetrators. The pesky competitiveness of all squads in the Classic and the effects of half time on the rookie could have easily cost this team a victory despite its point tally. Let It Ride's strong showing pushed them to their limits in the opening round, but they advanced thanks to soon-to-be MVP Paw's 186. Not a strong math squad, they weren't sure if they had it locked up or not, so they had to focus on Stage Fright. Despite Sizzlean wandering the alley in between shots while shedding tears in appreciation for his participation in the Classic, Flame's 212 ensured the team made the bowling finals. Revenge for the horseshoe final was on their minds as they took down the Colt .45s by 35 pins, with Paw once again having the game high, a 177. With that, a Classic tying sixth title was theirs, and a second MVP was Paw's.

2017 Prediction: 2nd Place

The Penetrators were a horseshoe game away from becoming the first team in Classic history to win all three events which is an incredible feat. This year they will have the return of Bacon, and that should bring their golf game back down to earth, but you know they will always be there in bowling and their horseshoe game is in the top 4 of the league. They will again be in prime position for a second consecutive title vying for the most in Classic history but that will all depend on the reintegration of Bacon. Asked for comment on the prediction, Captain Greez retorted, "We are really looking forward to this Classic with the return of Bacon after a two year absence. With him back we expect to be in the mix come late Saturday despite his lack of abs. Our approach to the Classic will be what it always has been, to look forward to hanging with awesome friends and to enjoy the long weekend of activities while maintaining a competitive focus throughout."

COLT .45S

YEARS IN LEAGUE: 17

- **CHAMPIONSHIPS: 3 (2014-13, 2004)**
- **Horseshoe Titles: 6 (2016-13, 2010-09)**
- **Bowling Titles: 2 (2013, 2003)**
- **Wiffleball Titles: 1 (2004)**

2016 Sierra Nevada Classic – 2nd Place (1st Place Horseshoes, 2nd Place Bowling)

SNC 21 was yet another glaring example of just how volatile and unsettling the Colt .45s can be. True to history, their free-swinging shotgun approach on the links scared nobody, as they managed only one birdie on the day and decisively secured another last place finish; proving that you can't ride a Shortstack to scoring unless you have nice breasts and a sweet voice. But almost as automatic as their ineptitude in golf, is their ferocity on the steel stakes. Day two produced a clean sweep in the pits, with 28 team ringers and an average margin of victory of 9 points. Beginning with a modest win over Powell's Brickyard in the first round, Colt .45s made whipped cream of second round shoesters, Stage Fright, and continued the bludgeoning over tourney nemesis, the Penetrators, in the finals to take their 6th horseshoes title and keep the fate of The Classic undetermined until after lunch. Standing at 4 points and the Penetrators at 7, the only way to secure a 3rd SNC Championship in four years would be to take first place in bowling and hope for an early stumble by the Penetrators. Wouldn't happen. Although the Colt .45s pieced together a few victories, their pedestrian performance in the finals against the Penetrators left them with a second place finish in bowling, and a respectable, but less than pleasing second place overall finish in SNC 21.

Jim "2-4-2" McHugh – Captain (MVP – 2013)

- 👉 **Golf:** 3 Drives, 5 Putts
- 👍 **Horseshoes:** 7 Ringers, 13 Points (3 - 0, 11.33 PPG)
- 👍 **Bowling:** 139/171/139 (150 Ave., +/- 0)

Rich "All World" Huston (MVP – 2007)

- 👉 **Golf:** 3 Drives, 3 Putts
- 👍 **Horseshoes:** 12 Ringers, 13 Points (3 - 0, 16.33 PPG)
- 👍 **Bowling:** 165/115/151 (144 Ave., +15)

John "Shortstack" Wurster

- 👍 **Golf:** 8 Drives, 6 Putts
- 👍 **Horseshoes:** 5 Ringers, 16 Points (3 - 0, 10.33 PPG)
- 👉 **Bowling:** 139/130/136 (135 Ave., +/- 0)

Steve "Wheels" Hutson (MVP – 2014, ROY – 2009)

- 👍 **Golf:** 4 Drives, 4 Putts
- 👍 **Horseshoes:** 4 Ringers, 5 Points (3 - 0, 5.67 PPG)
- 👉 **Bowling:** 95/124/91 (103Ave. -33)

2016 Prediction: 4th Place

Points in horseshoes is pretty much a guarantee for the Colt .45s, but golf is at the other end of that spectrum and bowling can be hit or miss. You can never count this 3-time championship team out of the running, but we look for them to excel in horseshoes and settle into the middle of the pack for SNC 22. Told of this year's prediction, 9-2-5 Captain 2-4-2 had this to say, "Colt .45s are arriving to this Classic with a rejuvenated sense of determination to win another championship. As for finishing fourth, bring it on Ladies!!!"

LET IT RIDE

YEAR IN LEAGUE: 19

- **CHAMPIONSHIPS: 0**
- Golf Titles: 1 (2014)
- Bowling Titles: 1 (2002)
- Wiffleball Titles: 1 (2000)
- Billiard Titles: 1 (1996)

2016 Sierra Nevada Classic – 3rd Place (2nd Place Golf, 3rd Place Horseshoes)

Let It Ride came into SNC 21 at their fighting weight and looked ready to rumble and take their first title. As they laced up their golf cleats they looked like the team to beat, but then they bogeyed the second hole. Yet, there was no worry as they then rolled off 6 birdies including a huge one on 18 to leave them a stroke up for the lead with both Stage Fright and The Penetrators needing to birdie 18 to force a playoff. Stage Fright was first and they couldn't get it done as they got a par and Let It Ride was in the driver's seat as The Penetrators needed a bird to force a playoff. But The Penetrators didn't get the bird, they got the improbable eagle as they stole the golf title from under Let It Ride's noses and Let It Ride shuffled off of Genoa Lakes shaking their heads in disbelief. Seemingly with a chip on their shoulders, Let It Ride strolled onto the horseshoe pits where they have had very limited success in the past, and put it on Fistful with an A-Squad Chilinch/Gilles drubbing of 23 – 9 and a B-Squad JB/Serb annihilation via the skunk 12 – 0. They moved on to face the Penetrators, which would become a trend, but couldn't keep the momentum as Chilinch/Gilles lost 9 – 23 and JB/Serb battled but eventually succumbed 15 – 21 to move to the Consolation bracket. But they weren't finished as they dusted off their shoes and then proceeded to dust up Stage Fright with Chilinch/Gilles at 21 – 12 and JB/Serb at 21 – 11 to capture 2 points, their best ever finish. Heading to the JT, Let It Ride was sitting pretty with 5 points but was looking up at their SNC 21 nemesis Penetrators with 7 points who they would have to face in the first round of bowling. Facing the SNC bowling juggernaut Penetrators, Let It Ride knew they had to beat the best to be the best and they didn't back down from the challenge as they bowled a collective +53 over their normal average, but even with a 78 from the rookie Sizzlean and a well below average 165 from Flame, they couldn't overcome Paw's 186 as the Penetrators had their number and sent them to the lounge with and overall 3rd Place finish.

2017: Prediction: 1st Place

Another outstanding performance by Let It Ride in SNC 21 still left them with nothing to show for it, leaving them to stew this offseason. This was the proverbial straw that broke the camel's back and we look for Let It Ride to be clicking on all cylinders as they capture their first title in SNC history. Told of the lofty prediction, Captain JB quipped, "The first place prediction of LIR doesn't surprise me. If you look at our past finishes, despite worst case scenario seedings, you will find a pattern of our team barely missing the championship in the past five years. It's a matter of time for this team and SNC 22 seems like just as good a year as any to bring the hardware home."

2016 Sierra Nevada Classic – 4th Place (3rd Place Golf, 4th Place Horseshoes, 3rd Place Bowling)

SNC 21 started with Stage Fright's hope for its first team title in Classic history. With a first place caliber golf team, coming out of the gates hot is crucial to this team's success. Makeable birdie putts were missed on a regular basis, but this veteran team still found itself in the running. Team anchors, Leroy and Da Whala, had solid rounds with several clutch drives on the links while Team Captain Yeti and Lurch scrambled to contribute. Stage Fright found themselves tied for 3rd at 68 and won the first playoff hole over Full House to limp out of golf with 2 points. Not ideal heading into the weekend events. Stage Fright found themselves pitted against the Point Shavers in horseshoes yet again in the first round. Both the A and B teams made quick work out of the Point Shavers with 21-9 and 22-11 dominating performances. With a first round win under their belt, Stage Fright was confident moving into the semifinals against the formidable Hutson brothers of the Colt .45s. As is customary, the Hutson brothers buzz sawed through Yeti and Da Whala with a 23-10 shellacking while Leroy and Lurch fell short of 2-4-2 and Shortstack 17-23. It is always a tough contest against the "East Side" Hutson brothers who are prolific at carnival games. The 3rd/4th place matchup was not kind to Stage Fright as they were dismantled by Let It Ride in both games, walking away with 1 point in horseshoes. Stage Fright nailed lunch as always with great times amongst amazing friends. The title was still up for grabs if Stage Fright could pull the upset and win bowling along with a first round exit by the Penetrators and bowl off. Stage Fright was in a dogfight with Powell's Brickyard on the lanes, and the No. 1 overall draft pick, Da Whala, led the way with a team and game high 182. Stage Fright's team average skyrocketed over years past at 147.5, with solid games out of Leroy, Captain Yeti and Lurch at 148. Stage Fright narrowly moved on to the semifinals and had their chance to take the Penetrators down in a head to head matchup but instead let Da Whala, with another amazing game at 189, down to fall 516-564. Captain Yeti struggled and cost Stage Fright a potential upset. Stage Fright met Fistful of \$ for 3rd/4th place and secured 2 points and a 3rd place finish in a bowl off between Captain Yeti and Dot. Stage Fright fell short yet again with a 4th place overall finish and a cloud of missed opportunities looming.

2016 Prediction: 5th Place

In the twenty years that Stage Fright has been in the Classic without a title, there has been 4 different Presidents of the United States, 8 different San Francisco 49er head coaches, and over 55 kids born to classic athletes. It is starting to look like they may never hold the trophy in their hands at the bowling alley. Look for them again to underachieve and settle in somewhere in the middle. Told of another middling prediction, Captain Yeti growled, "Although the prediction is in line with recent finishes, Stage Fright will find their putters, win golf and ride that momentum to the title!"

2016 Sierra Nevada Classic – 5th Place (4th Place Bowling)

After coming off their best Classic in history, Fistful looked primed to challenge for some new era hardware to add to their cobweb laden trophy case. First out of the gate on Genoa Lakes they settled for a par but struggled to find their rhythm as they would bogey the 3rd and double-bogey the 6th as they battled themselves the rest of the round to end with a very disappointing 7th place finish and no points in their best event. But all was not lost as they huddled over martinis at CV Steak knowing they had a favorable seed in horseshoes against Let It Ride in the morning, a team they had never lost to in head-to-head competition. Maybe it was overconfidence or maybe the shakes from the night before, but things went south in a hurry as the A-Team of Dot/Ziggy could only muster 9 points in a blowout loss to Chilinch/Matlock and as they looked over, their partners X-Mormon/Leprechaun were licking their wounds after getting skunked by The JB and The Serb. Things were looking bleak indeed as they headed to the JT, but nothing can take away from their lunch game as they crushed their picons, red wine, fries, tongue stew, lamb chops and steaks to arrive at the bowling alley ready for their dessert, the sweet tasting Point Shavers. Led by X-Mormon's blistering 155 on the lanes, Fistful cruised past the SNC 21 Champions to set up a rematch with their Nevada Day Parade Float Riding Nemesis Colt .45s. X-Mormon and Leprechaun were up for the challenge as they carried Fistful to the brink of their first ever bowling championship appearance but they couldn't overcome Captain 2-4-2's 171 as they lost by a mere seven pins to hit the consolation round where they continued to battle Stage Fright to a tie after 10 frames of bowling where Captain Dot lost to Captain Yeti in a one frame bowl-off to settle for a 4th place finish and a 5th place overall finish.

2017 Prediction: 3rd Place

It has been two years in a row that Fistful has hovered around the middle of the pack and if they can regain their golf form and bowl like they did in SNC 21 they could circle in and strike for a title. Told of the 3rd place prediction, Captain Dot stated, "This seems a little high based on our Classic resume, but this shows the field is starting to take notice and we will be up to the challenge!"

2016 Sierra Nevada Classic – 6th Place (4th Place Golf)

Full House knew 2016 was going to be tough without 17 year veteran Carlos “The Apostle” Mendeguia, a late scratch stemming from a family emergency. Full House had not drunk from the magical cup in five thirsty years, and they wanted redemption. The morning did not start out well, as Bor and PK decided they needed one more cuddling session before joining the rest of teams at breakfast, resulting in warm tequila shots. Always dangerous in golf, Full House led at the turn. Strong play from Paul “Packsand” Kinne, or dare I say a shorter version of John Daly, striped fairway after fairway. Rob “Bor” Stoddard dropped multiple long range bombs like a Navy SEAL on the hunt for Bin Laden! Unfortunately, Full House just couldn’t muster a back nine charge, and only had one birdie on 18. In the playoff for third place, Captain Kris “Skeets” Kelly overrode Stoddard on drive selection, this decision proved fatal as Full House lost on the next hole. The boys were disappointed, but what the hell they had finished second in horseshoes the year before and they remained optimistic. Bor and Kinne made short work of the Penetrators Flame and Paw in a 23-13 thrashing. Unfortunately for Full House, Captain Kelly proved again to be a liability in horseshoes, and the boys made another early exit. Captain Kelly was heard fuming afterwards; “Horseshoes is harder than a German tourist at lady-boy brothel in Bangkok!” Full House enjoyed lunch knowing they had no chance at their elusive 4th title. Forty five Picons later, Full House rolled into the lanes, and bowled an embarrassing 119 average, their worst in 10 plus years.

2016 Prediction: 7th Place

2016 proved challenging for the aging Full House, but these weather-worn, whiskey/vodka-soaked warriors will be back in 2017 with a vengeance. However, after winning back to back titles to start the new era of the Classic, Full House has not finished higher than 3rd place and is coming off back-to-back 6th place finishes. Maybe the Apostle can answer their prayers, but we see another year to get back on track. Told of his teams low prediction, Captain Skeets fired back, “Some teams do more talking with their fists then their mouths!”

POWELL'S BRICKYARD

YEARS IN LEAGUE: 18

- **CHAMPIONSHIPS: 0**

2016 Sierra Nevada Classic – 7th Place

Coming into SNC 21 Powell's Brickyard was excited to get back to the beautiful setting of Carson Valley and prove that SNC 20 was not a fluke. However, one month prior to the Classic, Southie informed Captain Casanova that he accepted a new job and that the Classic was not in his playing cards. But he didn't have to look far as Casanova found his man Scott "The Boz" Foster the last week prior to the Classic. The Boz showed no signs of being nervous in front of his new teammates as he had filled in for Bacon on the Penetrators the year prior and was stellar on the links with a team high 6 drives and an impressive 5 putts. Powell's Brickyard was in prime position to at least snag a point or two in golf entering the back 9 at 2 under par, but they just couldn't get the birdies to drop, parring 8 holes in a row before finally dropping a birdie on the 18th, finishing 5th, one meager stroke away from playoff golf. After a late night of socializing, Powell's Brickyard unfortunately drew the mighty Colt .45s in horseshoes early Saturday morning. PB's A-team which consisted of Casanova/Chef had the Hutson brothers on the ropes with a score of 18-8, however, the Uncle/Nephew combo turned cold while the Hutson brothers turned hot. Final Score: Hutson's 21, Casanova/Chef 18. So with 0 points heading into lunch, Powell's Brickyard decided to drink, eat and be merry, with playing spoiler on their minds in bowling. Sleepy stepped up bowling a 161, Boz rolled a nice 137, Casanova a pretty 176 and Chef chipped in with a 111 for a total team score of 585. That team score beat every other team's score in the first round except the Stage Fright, the team they needed to beat, who out pinned them by mere 5 pins with a 590. Rough ending for a team who competed but just couldn't get the job done.

2017 Prediction: 6th Place

Southie will be back in the mix this year so golf will most likely be a long shot for points, but their horseshoe and bowling games will still be tough and with some good seedings they should be right back in the mix. The question will be can Southie pick up where he left off or will this be a year of team building? We see this as a year to get the band back together. Told of this year's low prediction, Casanova calmly replied, "We were short a few pins, short a couple birdies and short one ringer. As far as I'm concerned, we deserve this prediction. There's no competitive feeling like being the underdog and we will represent that role in a huge way! Let's go!!!"

2016 Sierra Nevada Classic – First To Worst

While driving over the Sierras that beautiful September afternoon on the eve of their captains 21st classic; his loyal and talented teammates had no idea of how much emotion the sights, smells, and the previous year's victory reminded him of an era long ago. Could the Devine intervention continue to bless this one time feared organization, or would they return to the cellar? The Shavers entered golf with the confidence of knowing they could be competitive. However, they also knew they would have a bullseye on their back. The Colonel, Special K, and Goose got the Shavers off to a great start as always, but the third hole tripped the very talented trio and their captain up for their first of the teams three bogeys. It's extremely difficult to place in this contest; and with bogeys on 3, 11, and 15 leading to a final round of 70 the team took a 6th place finish. With zero points heading into day two, the Shavers weren't short in confidence. Goose and the Colonel are, in their captain's opinion, one of the most talented A-squads in the Classic. Unfortunately, Goose hasn't been the same at the pits since the motorcycle accident and the Colonel might have still been shaken by the outcome at the golf course on Friday. The Shaver A-squad fell to a hungry Whala/Yeti 21-9 sending the talented duo to ice chest #2 for an early happy hour. The Shaver B-Squad has enjoyed some past success and would need to somehow challenge the L&L B-squad of Leroy/Lurch to have any hope of earning points going into bowling. Unfortunately the theme for the current holders of the Classic Cup continued. L&L, who in SNC 19 only managed to score a total of 7 points at the pits, did away with K and Spiderman, 21-11. The Special one and Spider-Man limped over to ice chest #2 for treatment, refreshments, and team bonding. Lastly, the trip to the lanes could help keep the smarting Shavers from going from first to worst, couldn't it? On paper, the Shavers should handle a Fistful of \$\$\$ organization that hasn't had much success at the lanes; but as they say, that's why they play the games. The Goose did all he could at a respectable 146, however the Colonel wasn't himself at 99, Special K sadly returned to his bowling woes scoring 79 but the most disappointing showing however, was from their Captain rolling a pathetic 138. In the end the Mormon lead team took the match 481-462 sending the most decorated organization back to the cellar.

2016 Prediction: Last Place

Maybe the Point Shavers are better being the underdogs or they had trouble performing saddled by the weight of a 1st place prediction last year, but not since SNC 4 in 1999 has any team won the title and then took last place the following Classic. This shows how the stars need to align for this team to win a title and it might be awhile before they are back on top. When told of a last place prediction, Captain Spiderman went into great detail. "I can see where the numbers from last year would lead the Commission to predict that The Shavers would return to the cellar in XXII. Our organization however, doesn't have to agree with the pick. The Shavers have three of the best golfers in the Classic! They have been working hard and chomping at the bit to get back on the course again. We are determined to erase the 4 holes that killed our repeat hopes in XXI from our memory. Goose is one year further along in his shoulder rehab, so we fully expect him, along with the Colonel, to contribute points this year in the pits before lunch. After lunch I intend to lead our team with my best showing at the lanes since we wrote our numbers on our jerseys...The Point Shavers consider XXII a stepping stone in our return to prominence. Respect all, fear none!"
