“Friendship... is not something you learn in school. But if you haven't learned the meaning of friendship, you really haven't learned anything”

**Muhammad Ali**

Gentlemen,

The Sierra Nevada Athletic Commission welcomes you to the 15<sup>th</sup> Annual Sierra Nevada Classic. For the first time in tournament history the Classic will be comprised of an entire roster of SNC Veterans. Each and every athlete at this year's tournament will have at least one year of experience under their belt to use as ammunition to compete and to win the highly coveted SNC Championship Trophy.

In celebration of fifteen years of the Sierra Nevada Classic, the Commission has decided to fuse some of the original venues from the early days of the tournament together with the current venues. Just like the 1<sup>st</sup> Annual Sierra Nevada Classic, current SNC Members will get the chance to dine at the original lunch event, the Carson Valley Basque Country Club and also enjoy post lunch cocktails at the oldest thirst parlor in Nevada, the Genoa Bar which was established in 1853.

With this fusion, even the most seasoned SNC Veteran will be required to pace himself during the weekend in order to cross the finish line with their team in first place. Gone from last year's tournament will be the late wake up calls of 7:00am. The Commission has again tightened up the weekend schedule and all athletes will be required to be pressed and dressed sitting in the Carson Station Coffee Shop no later than 6:00am on both Friday and Saturday mornings. Warm tequila shots will again be administered for tardiness.

Since 1996, a group of friends known as the Sierra Nevada Classic have gathered together every autumn in Carson City, Nevada to renew and celebrate one of their most valuable possessions, friendship. As the years continue to roll by, the Commission commends each and every athlete in the tournament for taking the time out of their busy schedules to join in a weekend of competition and camaraderie.

Below is a list of official changes that have been implemented by the Commission for the 15<sup>th</sup> Annual Sierra Nevada Classic.

Changes are as follows:

- 1) SNC Veteran Ron "Silk" Powell returns from a one year absence and will return to his captain duties to lead From The Brickyard.
- 2) Three Sierra Nevada Classic Members will receive the Decade of Service Award. Rich "All World" Hutson, Mike "Paw" Berkich, and Rob "Bor" Stoddard .
- 3) Dinner at the Carson Nugget Steak House will be moved to Thursday Night.
- 4) Golf will be moved to the Carson Valley Golf Course in Gardnerville, Nevada.
- 5) Immediately following golf on Friday, lunch will be held at the Carson Valley Basque Country Club. (Eight picnics for a moose kiss will be in effect)
- 6) Immediately following lunch on Friday, drinks will pour at the Genoa Bar, in Genoa, Nevada.
- 7) Horseshoe tournament will move to Mills Park, in Carson City, NV.
- 8) Bowling will no longer have a bowl-in round and the brackets will be selected as part of Thursday Night's Seeding.

## Scramble Rules

### Method of play and rules:

1. Play begins with each member of the group teeing off.
2. With the agreement of the other members of the group, the team captain decides which drive is the most desirable.
3. The other members of the group pick up their balls and proceed to the spot of the selected drive, where they will hit their second (or third, or fourth, etc. shot).
4. After the shot, all balls may be placed within one club length of the original ball. This may be done either to the side or backwards. Balls may not be placed closer to the hole.
5. In placing the ball, you may not change the condition of the shot. If the ball is in a hazard (e.g. sand trap, rough) all members of the team must play their shot from the trap or rough, respectively.
6. This procedure continues until the ball is in the hole.
7. On the putting green, **do not hole out a short putt if you have missed your first putt.** The first ball putted must count. Mark your ball and wait. If the second or third putt is better mark that putt. Under no circumstances will there be any gimmies.
8. At the end of each hole, the score for the group is recorded on the card.
9. All scorecards must be kept accurately and per hole.
10. Each player on the team must contribute at least **two** tee shots per 18 holes. When recording your score on the card, you must input which player's tee shot was used on every hole.
11. The maximum score allowed is a double-par. After that, simply pick up the balls and move on to the next hole.
12. Your tee time order will be drafted at the Nevada State Capitol Building in the Historic Assembly Chambers the night before tournament day.

## Tournament Rules

### Method of play and rules:

1. All court layout dimensions, playing equipment and scoring will follow the official rules sanctioned by the NHPA (National Horseshoe Pitchers Association of America).
2. Cancellation scoring will be used to keep score during the tournament.
3. Ringer: Ringers cancel each other. A ringer of one contestant shall cancel a ringer of another contestant and those shoes shall not score any points. Any uncanceled (live) ringers shall score 3 points.
4. Shoes in Count: A shoe in count (upright horseshoe length from the stake) shall score one point under the following conditions: If there are cancelled ringers and no live ringer, the closest shoe in count to the stake shall score one point. If there are no ringers, the closest shoe in count to the stake shall score one point. If the other shoe of the same contestant is the second closest shoe in count, it shall also score one point. If there is one uncanceled ringer and the other shoe of the scoring contestant is the closest shoe in count to the stake, it shall score one point (four points total).
5. On tournament day, there will be one scorekeeper per game. This score sheet shall be the official record of the game. Contestants are encouraged to pay close attention to the score at all times. If a question or discrepancy occurs regarding the score, the contestant(s) may approach the scorekeeper between innings to rectify the situation. This scorekeeper or other identified authority will also judge any discrepancy of which contestants shoes are closer to the stakes during the game. If discrepancies cannot be corrected to the satisfaction of all contestants, the tournament judge shall be called in to make the final decision.
6. Each team will be comprised of four contestants. Each team will be selected into an eight team bracket that will be drawn at the Nevada State Capitol Building in the Historic Assembly chambers on seeding night.
7. The Horseshoe Tournament will begin with your team dividing into two teams of two contestants. **(These teams must be determined before seeding)**. Your two teams will be matched against the other team in your bracket who will also divide their team into two teams of two contestants.
8. Advancing to the next round/bracket will be done as follows: If both teams on your divided team win, you advance to the next round. If one team wins and one team loses on your divided team, then a tiebreaker will decide the move to the next round.
9. In the tiebreaker, each team can decide which two contestants they want to play in the deciding game.
10. Each game will be played to twenty-one points.
11. However, the skunk rule will be in effect. If any team scores eleven points before their opponent scores one point, the game is over. Final score would be (11-0).
12. The Sierra Nevada Athletic Commission will allow alcohol, smoking and chewing during this tournament event.

# SNC Bowling Tournament Rules

## **Method of play and rules:**

1. Teams will begin round one play based on Thursday night bracket seeding.
2. The teams that win in the first round will advance to the second round and either the title or consolation games via match play.

## Overall Tournament Scoring Rules

1 <sup>st</sup> Place In An Individual Event.....	4 Points
2 <sup>nd</sup> Place In An Individual Event.....	3 Points
3 <sup>rd</sup> Place In An Individual Event.....	2 Points
4 <sup>th</sup> Place In An Individual Event.....	1 Point

## **Tiebreaker**

If the day ends with a tie for first place in the overall tournament, a bowl-off will be implemented to determine the champion. Then, in order to determine the overall finish other than first, total points and then total bowling average will be used to rank teams.

# Sierra Nevada Classic Cameraman

## Jon "Bucky The Wonder Horse" Faulkner

Senior Cameraman Jon Faulkner returns to the SNC with a now impressive four years under his belt. He came on to the SNC scene with a bang his first year and gained immediate respect from the SNC Athletes who chose him a runaway first for the Rookie Of The Year in 2006. There has not been a shot this professional has missed and the footage that continues to compile in the SNC Archives is gaining ground on the NFL Films warehouse. He will again be called on to be the decision maker in horseshoes when two opposing teams cannot decide whose shoe is closer.

## FULL HOUSE

YEARS IN LEAGUE: 8

CHAMPIONSHIPS: 2 (2007, 2009)

### **2009 Sierra Nevada Classic – Champions (1<sup>st</sup> Place Golf, 4<sup>th</sup> Place Horseshoes, 2<sup>nd</sup> Place Bowling)**

As predicted by the odds makers, Full House started Saturday with 4 points after their first place finish in golf. However, it was not a cake walk as the round was a hard fought match in which they were tied with four other teams most of the day. It took a 20 foot putt by their soon to be MVP, Paul Kinne, to seal the win and take the lead which they would never relinquish for the rest of the day. On Saturday, they would move on to take care of the Penetrators in round one to start the Horseshoe Tournament. In a tough match up with the Point Shavers they took the Semifinal matchup to a playoff before eventually losing 21-11. In the Consolation bracket, they again fought all the way to the playoff match, before eventually losing 21-17 to From The Brickyard. Even with the 4<sup>th</sup> Place finish in horseshoes, they still gained another point and headed to half time with an impressive 5 points. Full House cruised through lunch like veterans and hit the lanes with the confidence they would need to secure the title. In the qualifying round, their average score of 116.5 gave them a four seed in the 1<sup>st</sup> round to match up against Let It Ride. They would make easy work of them and move into the semifinals for a match against the Colt .45s. They fought tooth and nail for 10 frames and would go on to score 25 pins more to advance to the finals. After this win in the semifinals, no team in the tournament could catch them. The final match up against the mighty Penetrators was just a formality and they would go on to lose by 59 pins without care as they would be the first team in the new SNC Era to take home the title.

#### **The Team:**

#### **Kris "Skeets" Kelly – Captain**

There wasn't much this captain didn't do for his squad in SNC 14. He assembled one of the best teams in the Classic with the third overall pick and went on to manage his hand-picked squad to the promised land. His golf game kept his team going throughout the round. Although his horseshoe play left a little to be desired based on a mere 6 points and 1 ringer totaled in three matches, he was able to put his A-Team together to place. In bowling, his four game average of 126.5 was below his career average, but the 147 in the semifinal match was the only one that mattered.

#### **Rob "Bor" Stoddard**

Like his captain, Bor would be one of the main players on this team to get the job done in golf. Although he probably didn't have his best round of golf, his consistent play and leadership gave them the extra nudge they needed to secure first place at day's end. In horseshoes, Bor worked the pits with tusks sharpened and finished the day with a total of 36 points while hitting 4 ringers. As always he can be counted on in the alley where his four game average of 125.5 was a key ingredient in taking them to title town.

#### **Paul "Packsand" Kinne (Most Inspirational 2006, MVP 2009)**

2009 was the year of the Packings, as the reigning MVP applied ample handfults all weekend to help his new team to the title. His squad relied on this 11 year veteran for several tee shots throughout the day and the 20 foot putt he drained on 18 will go down as one of the biggest shots in Classic History. Although Kinne was not placed on the A Squad in horseshoes at days beginning, it didn't take long for his Captain to realize that Packsand would be in any playoffs to advance out of the round that occurred. This workhorse pitched the most shoes on tournament day with 134 and was second only to Goose with a total of 55 points scored in 6 games played. Although not his strong suit, Kinne's four game bowling average was a respectable 117, and when Full House needed him the most he bowled a 132 in the Semifinal game that secured the Championship

#### **Carlos "The Apostle" Mendeguia**

Not know for his golf game, The Apostle meshed well with his new squad. Several of his tee shots were used and in each case his tee shot was used, his squad notched a birdie. This all around athlete was the perfect match for this above average group of golfers. His horseshoe game turned out to be much better than expected. With only 72 shoes pitched, Mendeguia scored a total of 35 points and 6 ringers in three matches. The biggest surprise of all was yet to come from this 11 year veteran. He had his best bowling tournament in his SNC History with a four game average of 140.5. The 176 he threw in the 1<sup>st</sup> round was a sight to see. Also, when Full House needed a big game in the Semifinals, he came through with an impressive 140 total pins.

#### **2010 Prediction: 1<sup>st</sup> Place**

Could this be the first time since 2002 that a SNC Team will repeat? Odds makers are betting heavily that they will. Their golf game is the best in the tournament and if they can bowl anywhere near what they did last year, they will be adding a third trophy to their trophy case.

## PENETRATORS

YEARS IN LEAGUE: 14

CHAMPIONSHIPS: 3 (1996, 1998, 2008)

### **2009 Sierra Nevada Classic – 2<sup>nd</sup> Place (3<sup>rd</sup> Place Golf, 1<sup>st</sup> Place Bowling)**

Right from the get-go, this veteran SNC squad was in the hunt for the championship on the golf course. With standout golfer Tim Foster, the Penetrators fought to the very end and eventually took third place in a sudden death playoff for second place with Fistfull of \$\$\$\$. Even though they left the course with a sour taste in their mouths, they still had 2 points when they awoke on Saturday and the unknown horseshoe tournament awaiting them. In the opening round/quarterfinals, they matched up with Full House and split the bracket with Perry/Foster beating Kelly/Stoddard. When Full House changed their squad for the playoff matchup, the Perry/Foster team had a difficult time keeping up with the Kinne/Stoddard pair. Just like that, they would leave the pits without a single point. During half time they gathered themselves together and knew with the best bowling squad in the tournament and an early loss by Full House, they were in the hunt for the title. But luck would not be on the Penetrators side and Full House would make a run all the way to the championship. When the Penetrators met up with Full House it was too little too late, as even the Penetrator win in the bowling championship game left them two points shy of winning it all.

#### **The Team:**

#### **Kip "Greez" Perry – Captain (MVP – 1998, 2008)**

By the time SNC 15 starts, this lifelong single man will be married, yes married! He worked like a true leader right from the first tee box as he had his squad ready to get after it at the tournament start. He greezed well above his average golf game and had his team in the hunt for first place on the course until the very last hole. When his squad finished in a tie for second place, he went to work in the sudden death playoff. On the second playoff hole, his tee shot landed on the fringe in front of the green, but a monster shot from Dodson from Fistfull proved to be just a bit better which landed them in 3<sup>rd</sup> place to start the tourney. With horseshoe uniforms that mirrored prison wear, his tournament was cut short. He totaled only 11 overall points in two matches. His bowling performance was by far the highlight of the tournament weekend, where he boasted a 129.25 average over four games and helped his squad take home the title on the lanes.

#### **Mike "Paw" Berkich (MVP – 2006)**

When not mumbling, this veteran athlete and former team captain proved to be a help for his team on the course. He played well above his usual sub-par golf game. Even with the paw still showing lingering signs of pain from an injury which occurred over ten years ago, he was able to get full motion out of the hand in question and come through with several important shots. However, during the horseshoe tourney, Paw may have tightened up since he finished in the pits with a total of 3 points and zero ringers in one match. After lunch, the picons worked their magic and Paw was back to full range of motion. He would go on to bowl a four game average of 134 and secure the Penetrators a first place at the alley.

#### **Tim "The Flame" Foster**

What a steal ownership received with the 9<sup>th</sup> pick in the SNC Draft when they got this kid. His domination on the course was the reason they had a shot at first place. His accuracy throughout 18 holes was a sight to see. He went on to do all he could in the horseshoe tournament by tallying 18 points with 5 ringers. A very impressive stat considering he only pitched 30 shoes in the two games. The first round loss in horseshoes was a tough sight for The Flame, but not as tough of a sight as the wife beater tank top which was busting a sag. After lunch, and a confirmed 5 picons drank, he would go on to dominate as usual at the Carson Lanes. His score of 266 in the 1<sup>st</sup> round shattered the SNC Record and had The Penetrators waltz into the Championship. His four game average of 204 will only be broken by himself.

#### **Matt "The Rock" Franz (ROY – 2005)**

The Rock did what he could on the course to give his squad a chance. He just missed a 20 foot putt on the sudden death playoff hole that would have kept the playoff going. He never had a chance to showcase his skills in the horseshoe tournament since his split squad would lose their first match and he would have to watch his team from the sidelines where they eventually lost and were eliminated. He totaled 11 points with 2 ringers with his 28 shoes pitched. Not known for his bowling skills, The Rock would attempt to keep it above 100 for his entire four games at the Carson Lanes. Luckily his squad didn't need his help, as he finished the day with an average of 100.25 in four games.

#### **2010 Prediction: 2<sup>nd</sup> Place**

They will again perform on the golf course and again dominate in the bowling alley. If they make it out of the first round in horseshoes they will take the title.

## COLT .45s

YEARS IN LEAGUE: 10

CHAMPIONSHIPS: 1 (2004)

### **2009 Sierra Nevada Classic – 3<sup>rd</sup> Place (1<sup>st</sup> Place Horseshoes, 3<sup>rd</sup> Place Bowling)**

Team Knee Brace started the day on some uneven ground with a last place finish at Silver Oak. They just couldn't get in going on the course and had a tough night's sleep on Friday not knowing what their chances would be in horseshoes. When the first shoe was pitched by this unknown squad, they never looked back and went on to dominate the rest of the horseshoe tournament. Little did ownership know, that they had a hidden gem on their B Squad in the Hutson Brothers. They plowed through the tournament and couldn't find any competition until they met the Point Shavers in the finals. Down 12-19 in the final game, they made an historic comeback and won the first horseshoe tournament in Classic History by a final score of 21-19. Boasting a solid bowling game, the .45s went into halftime with 4 points knowing they had a legitimate chance to win the tournament. They had a very tough go in the qualifying round and entered the tourney with the eight seed. In the first round they matched up with From The Brickyard and squeaked out the win by only 4 pins. They were right where they wanted to be in the Semifinals where they were matched up against Full House. A win here would seal the championship for them. But the previous hard fought match appeared to have worn them down as they eventually lost by 25 pins and would have to spend the entire off-season wondering what could have been.

#### **The Team:**

#### **Jim "2-4-2" McHugh - Captain**

McHugh returns for the second year to lead this squad that was the biggest surprise in 2009. His golf game during SNC 14 was tough at times to watch and he will need vast improvement in order to get this team morning points. In three matches in the horseshoe tournament, he had a total of 22 points while throwing 4 ringers with 54 shoes pitched. His bowling game started off on a rough note with a freakish score of 98. After that he was more like himself where he totaled a 148.33 average in the next three games to give his team a third place finish on the lanes.

#### **Rich "All World" Hutson (MVP -2007)**

All World was asked to carry a major load for this team on the golf course by his captain at tournament's beginning. He did all he could, but minus Shortstack, the weight of this squad was not easy to brace. He entered the horseshoe arena with guns blazing to start off Saturday and put his team in place to take their second SNC Title. He tallied 38 points with 9 ringers in four games. His ringer total was tied for third best of the tournament. But what he did in final match will go down in tournament history. With the Point Shavers having the winning ringer on the stake, Hutson, with only one shoe left to throw, knocked of Wetenkamp's ringer to erase the shoe. This lead the way for his brother to score the winning shoe the following throw. Usually a force on the lanes, Hutson bowled well below his SNC Tournament average of 130.8 by rolling a 116.75 average over 4 games.

#### **John "Shortstack" Wurster**

Wurster approached the 1<sup>st</sup> tee box at the Silver Oak Golf Course being the only SNC Athlete with a driver taller than himself. He would go on to have a fair day on the round, but like his teammates had a tough time getting any consistency going other than a few nice shots. His horseshoe pitching skills were well above average as he totaled 30 points with 7 ringers in pitching 54 shoes. But he, like his teammate All World, bowled well below his tournament average of 135.5, with a 4 game average of 119.5.

#### **Steve "Wheels" Hutson (ROY – 2009)**

Hutson returns to the tournament for his sophomore season after winning high praise from tournament members as shown by the Rookie of the Year honor. His tournament started off with a below average day on the course at Silver Oak, but this would prove to be the only thing on tournament weekend that the Rookie couldn't handle. He would waltz through the rest of the weekend like a ten year veteran while dominating in the horseshoe arena and holding his own at both lunch and the bowling alley. His 47 total points and 13 ringers were second only to Wetenkamp on tournament weekend. His winning ringer against the Point Shavers propelled his nod for ROY. Although ownership from the Colt .45s was a bit concerned about the halftime stop for Wheels, this rookie showed no signs of swaying after the picon parade. After lunch he would go on to bowl the best of his team with a four game average of 137.25.

#### **2010 Prediction: 3<sup>rd</sup> Place**

They will again have a shot to take home the title, but will most definitely need another first place in horseshoes to have that happen. The good news for Colt .45s is that it is unlikely they will vanish on the bowling lanes again which will make their chances much better.

## POINT SHAVERS

YEARS IN LEAGUE: 14

CHAMPIONSHIPS: 5 (1997, 1999, 2000, 2001, 2002)

### **2009 Sierra Nevada Classic – 4<sup>th</sup> Place (2<sup>nd</sup> Horseshoes)**

The Point Shavers came into the SNC 14 Tournament with a chip on their shoulder due to the prediction of a 7<sup>th</sup> place finish by Vegas odds makers. The chip didn't last for long for this team as they would go on to be known as the Public Sleepers at tournament's end. Two of the veteran members on this squad just couldn't keep their heads off of any table. Although their round of golf went as good as expected, they finished 3 strokes behind the fourth place team and ended the day with zero points. As favorites in the horseshoe tournament in day two, they rolled through the competition in the quarterfinal round with both of the split squad teams winning to advance. They moved their way through the next match and met up with the Colt .45s in finals. Leading in the final game 19-12, the Shavers let the .45s back into the game and eventually lost 21-19 in a heartbreaker. After lunch they still had a chance to win the tournament, but really hurt their chances with a poor showing in the qualifying round that gave them a 7<sup>th</sup> seed in the 1<sup>st</sup> Round. Although they bowled an impressive team high of 558 pins, the matchup against the Penetrators and The Flame's score of 266 still had them losing by 62 pins. They would retire early to the lounge to drown their sorrows.

#### **The Team:**

#### **Mike “The Silent Assassin” Borda – Captain (MVP – 1996, 1999, 2000, 2002)**

The veteran captain Borda will again lace up the shoes and try to get this one time dominant franchise back to the top. He still needs a ton of work on the golf course to help contribute and get his team some early points on Friday. He did all he could in the horseshoe tournament where he would score a total of 44 points while throwing 7 ringers. He again had trouble finding his way at the Carson Lanes with a score of 97 in the qualifying round. He rebounded well in the 1<sup>st</sup> round with a 162, but by that time it was too late. In SNC 15, he might need to bring a case of 5 hour energy to distribute to team members.

#### **Rodney “Spiderman” Keinath (MVP – 1997, 2001)**

SNC 14 was a tournament where Spiderman was awake for maybe half of the time. His coma like existence made it tough for him to get anything going. Since Spiderman was fighting crime all night it made it difficult for him to stay awake during the day. His tournament would start at Silver Oak and his Charles Barkley like swing was not the best form for making contact. After 18 holes, Keinath moved back into hibernation with a nap in the club house followed by a long sleep in the parking lot on a comfortable patch of grass. After another night of crime fighting, he had a solid horseshoe tournament with an impressive 27 total points and 4 ringers with 62 shoes pitched in three games. After lunch and siesta, he headed to the lanes where he bowled like his old self with a 153.5 average

in two games.

#### **Mike “Goose” Wetenkamp (MI – 2008)**

Just like his teammate Spiderman, Wetenkamp was about as awake as a Christmas Goose during SNC 14. With half hour naps at the Nugget Steak House and the JT, it was tough for this veteran athlete to get the sleep out of his eyes during tournament competition. He shot an average game for his team at Silver Oak, but had some key shots to give them a chance to get some points. One thing this veteran was ready for was horseshoes. He showed why his number one ranking in the event was not a fluke as he went on to score a tournament high, 61 total points and 18 ringers with 108 shoes pitched. Bowling was a different matter, as his score of 77 in the qualifying round at Carson Lanes was not pretty. Goose would awaken for a 124 in the 1<sup>st</sup> round, but by then they

would need a miracle to surpass the Flames score of 266.

#### **Kevin “Special K” Verre**

Verre came into his sophomore season after a rude awakening during his rookie year. What a difference a year made for this returning veteran. He was the anchor for his team on the golf course where he didn't have a bad shot all day. His consistent play kept his team in the hunt for points until the very end. His play in the horseshoe tournament was well above average as he finished his three games with 22 points and 2 ringers. He made significant improvement on the lanes in his second year as well with a two game average of 114.50. Look for Special K to improve again in all aspects of his game in now his third year in the SNC.

### **2010 Prediction: 6<sup>th</sup> Place**

Once again the Point Shavers should be at the top of the horseshoe tournament, but with their average golf game and current inconsistency at the bowling alley, look for them to again finish in the middle to end of the pack.

## FISTFULL OF \$\$\$

YEARS IN LEAGUE: 14

CHAMPIONSHIPS: 2 (2003, 2005)

### **2009 Sierra Nevada Classic – 5<sup>th</sup> Place (2<sup>nd</sup> Golf)**

The tournament got off to a great start for this group of SNC Veterans with an unbelievable day on the course. They came within one stroke of tying Full House for a playoff for first place. Instead they finished in a tie with The Penetrators for second and would move onto a playoff with them in order to decide second place. During the second sudden death playoff, Dodson's tee shot was a thing of beauty that hit the back of the green and backed up like a Cadillac to within ten feet of the pin. Manning would sink the putt and give his team second place and three huge points to end the first day of SNC 14. They started the second event of horseshoes with high hopes, but those hopes were dashed quickly as they ended with an opening round loss to From The Brickyard. Fistfull moved to halftime, where they tried to gather themselves at lunch with a meeting over picons. They bowled well enough in the qualifying round at the lanes to secure a 6<sup>th</sup> seed and met up with Stage Fright in the first round where they came up 42 pins short and headed to the lounge for team consoling.

#### **The Team:**

#### **Billy "Dot" Borda – Captain (MVP – 2003)**

This 14 year captain showed his leadership right from the start at Silver Oak and kept his team up throughout the 18 holes. He played his average game of golf and helped out when he could to keep them within striking distance. His first go at horseshoes in the SNC didn't work like he had planned as his squad did not advance and he finished with a two game total of 16 points with 3 ringers with 54 shoes pitched. Also, his two games at the Carson Lanes were well below his lifetime SNC Average of 140.22. He ended his day with an average of 129.5 and missed yet a another opportunity to get a win for the Fistfull Franchise.

#### **Dave "The Stormin' Ex-Mormon" Dodson**

As predicted, Dodson would carry his squad on the course. His day at Silver Oak was professional as he continually gave Fistfull a chance at birdies on every single hole. Over the years, the Ex-Mormon has improved his golf game and can now be considered in the top three of the entire tournament. On the complete opposite side of the spectrum, Dodson's horseshoe game is going to need some major work. In his one game, he pitched a total of 24 shoes and recorded a total of 2 points with zero ringers. After lunch he moved to the Carson Lanes which in the past has been an unfriendly stop for this veteran. However, he dug deep and bowled maybe the best two game set in his history with a two game average of 131.50.

#### **Mark "Ziggy" Manning**

Not known for his golf game, Manning was one of the main reasons his squad was in it to the end. His putting average was the best on tournament day. He saved the best putt for last, when he sank a 10 foot putt in sudden death to give his squad a second place finish. He did all he could in the horseshoe tournament where he finished with a total of 19 points and 2 ringers. Then it was on to lunch, his favorite event, where he would consume several pounds of garlic and meat. With a SNC Tournament average of 136.10, Ziggy came up well short in SNC 14 and could only muster a two game average of 118.60.

#### **Scott "The Leprechaun" Schellin (MI – 2002)**

The Leprechaun is a work in progress on the golf course and continued to work on his progress throughout the day. He made some key golf shots that lifted his squad, but for the most part not a lot of his shots were used in the scramble format. His horseshoe tournament didn't work as expected either as he was only able to pitch 24 shoes to finish with a one game total of 6 points and zero ringers. The day continued to get worse for the Lep as ownership thought about putting up bumpers on the lanes to avoid double frame gutter balls. There was no magic to be found and he finished at the Carson Lanes with a two game average of 98.0.

#### **2010 Prediction: 7<sup>th</sup> Place**

Don't look for this squad to get another second place finish in golf. Without points in golf, this team is in major trouble as both their horseshoe and bowling games leave a lot to be desired.

## FROM THE BRICKYARD

YEARS IN LEAGUE: 11

CHAMPIONSHIPS: 0

### **2009 Sierra Nevada Classic – 6<sup>th</sup> Place (3<sup>d</sup> Place Horseshoes)**

SNC 14 was a very tough year for the veteran team From The Brickyard. The team captain and leader Ron Powell was inactive for the tournament due to the birth of his first son, which left teammate Sean Harmon the task of getting this team going on the right track. He was tested early as The Brickyard woke up on Friday Morning with only three teammates. They were able to secure a last minute athlete in Jeremy “Jermo” Correlli to complete their roster just in time before their first tee shot at Sliver Oak. They had to rally quickly and did well on the course just barely finishing out of the fourth place finish by 3 strokes. They started off in horseshoes by knocking Fistfull out of the bracket and then lost a tough match against eventual champs the Colt .45s. They would meet up with Full House in the consolation match and secure third place in the pits and head into lunch with 2 points to build on. They continued to roll at the Carson lanes when they made it out of the qualifying round with a #1 seed. They gave it all they had in the first round matchup with the Colt .45s, but eventually lost by a heart breaking 4 pins to end their day and secure their spot in the lounge.

#### **The Team:**

#### **Ron “Silk” Powell – Captain (ROY – 1999)**

After a one year hiatus, Silk will be back with guns blazing. He has a lot of unfinished business to make up for his absences during last year’s tourney and has missed the picons something fierce with the year off. Look for Powell to step right back into the SNC like he was never gone and get his squad back on track and headed towards title town. With a golf game that is said to be horrendous, he may not be much help on the course. However, in both horseshoes and bowling this SNC Vet will make an immediate impact on his team with whom he has yet had the chance to compete with.

#### **Joe “Casanova” Tierney (ROY – 2000, MVP – 2005)**

Casanova was the main reason the Brickyard had a chance to compete in the golf tournament. His consistent play kept them in the hunt the entire day. If not for him and Jermo, it would have been a long day for this team. Look for him to again be the sole reason of the team’s success in golf for this team in SNC 15. He also had a solid horseshoe tournament where he led his team with 45 points and 9 ringers which helped them secure a third place finish. He would continue to do all he could for his team and finished at the Carson Lanes with an impressive 141.5 average in the two games in which they competed.

#### **Sean “Southie” Harmon**

Like his teammate Sleepy, Southie would rather avoid the golf course if he had the choice. Despite his required tee shots, the use of his ball in the scramble play was few and far between. He however, would go on to be a force in the horseshoe pits and give the Brickyard a big chance to end the horseshoe tourney on top. His total points of 42 were fifth best in the tourney and his percentage of points with number of shoes pitched was number one in the league. He was also solid on the lanes as he would bowl one point lower than his career SNC Tournament average in two games with an impressive 132. After last year on the links, Harmon was rumored to be taking private golf lessons during the off season to greatly improve his game.

#### **Mike “Sleepy” Johnson (ROY 2002)**

Sleepy awoke just in time to tee off for his favorite sport of golf. In the scramble format, not a ton of balls were used that Johnson hit. Just staying awake the entire 18 holes in the hot sun proved to be a miracle for this SNC Veteran. His first go at horseshoes ended pretty uneventful where in three games he pitched 74 shoes and totaled 12 points and 2 ringers. After his large lunch where he comes in first every year by going for thirds and fourths with entrées and side dishes, he took a small cat nap on the ride to the lanes. As usual, he was ready to go when he hit the lanes and started in the qualifying round with an impressive 146. In the first round however, he dropped down to a 129 and joined his teammates in the lounge for cocktails.

#### **2010 Prediction: 4<sup>th</sup> Place**

Although they may not have what it takes to take any points in golf, anything can happen if Tierney plays like he is capable. Team Tierney/Harmon is lethal in horseshoes and can take first place in any given year. They will also come with a solid bowling game and may finish in the top 2.

## STAGE FRIGHT

YEARS IN LEAGUE: 13

CHAMPIONSHIPS: 0

### **2009 Sierra Nevada Classic – 7<sup>th</sup> Place (4<sup>th</sup> Place Golf, 4<sup>th</sup> Place Bowling)**

After getting the first pick in the SNC Draft, Stage Fright Ownership, who had never won a title, had high hopes for the SNC 14 tournament. Finishing in 7<sup>th</sup> place at tournament's end was not one of those hopes. They had a shot until the very end in golf by just finishing two strokes out of first place with a 65. Even shooting the 65 only gave them a fourth place finish and 1 point to end Friday. They had their work cut out for them in horseshoes with a tough matchup against the favored Point Shavers, but they wouldn't make it out of the 1<sup>st</sup> round as their split squad of two teams was swept and they headed to lunch with just the 1 point. With two below average bowlers on the team, it was going to take some miraculous bowling to take the bowling title. They started hot in the qualifying round with the third best score which gave them a three seed and a matchup against Fistfull in the 1<sup>st</sup> round. They made quick work of them and moved on to the semifinal round where they met up with the bowling champs, The Penetrators. But they never had a chance and ended up losing by 135 pins to drop into the consolation round where they appeared to run out of gas and lost to From The Brickyard by 96 pins.

#### **The Team:**

#### **Lance "Yeti" Hammons - Captain (MI - 2004)**

Appearing from out of nowhere through some tall brush, Yeti strolled into town to lead this veteran franchise that has been around since SNC 2. He had the tools in place to make a run at the golf tournament with 3 ringers in his pocket to get the job done. First place was there for the taking, but they ended the day a bit short. Hammons did everything he could with his limited golf skills, but it turned out to be for not. His horseshoe game was unwatchable for most fans as he recorded only 2 points scored and no ringers in 24 pitch attempts. This was all he had a chance to show since his squad was eliminated before the points rounds started. His four game bowling average of 120.25 was ok for most, but for the Yeti this was well below his SNC career of 133.25. After the match he wandered back into the brush and will appear again on tourney day for SNC 15.

#### **Bill "Da Whala" Isaman (ROY - 1997)**

Beaching himself for the weekend in Carson City for the SNC 14 was none other than "Da Whala". His body of mass was very much evident as he played the Silver Oak like a well tuned machine. He did everything he could to get some big points on the board for his squad, but after the baleen had settled, they would walk away from the course with just one point. With a professional ability in horseshoes, the second tournament of the weekend looked to be a perfect match for this veteran. But his squad received an unlucky seed on bracket night and he was matched up with none other than Goose in the first game. He would give it all he had in the one match with a total of 11 points with 2 ringers. But the Goose was on his game and the Whala's horseshoe tournament was over. As usual, he would go on to dominate at the lanes, were he finished with a four game average of 139.25. After the consolation match was over, he migrated back to the lounge and enjoyed several cocktails and bar snacks to ease his pain.

#### **Kyle "Leroy" Schellin (ROY – 2001, MI – 2008)**

Leroy showed right from the beginning at Silver Oak that he has the tools to take this squad to the top on the course. He was a major factor in why his team had the chance to lock up points and even maybe take the title. Horseshoes was a step backward for this veteran as he only had one chance to prove his skills in the one and done first round for his split squad. After only 26 shoes pitched, his total in that one game was 6 points and zero ringers. Heading to the Carson Lanes is never a strong suit for this veteran as can be told in his career SNC average of 107.14 per game. After the dust had settled, his four game average for the day would only be a few pins better with a SNC 14 average of 110.5. It was off to the lounge for some O'Doul's for this kid.

#### **Craig "Lurch" Williams (ROY – 2008)**

Lurch approached the tee box at Silver Oak full of confidence and connected with a nice drive to start of his SNC 14. His consistency on the course kept Stage Fright in the mix throughout the 18 holes. After helping his squad finish with an impressive 65, he joined them at the 19<sup>th</sup> hole and waited for the other teams to finish before they left the links with a point. Like his teammates, he never really got the chance to get going in horseshoes with the chance to only pitch a total of 26 shoes. His tournament totals: 5 points and 1 ringer. After lunch he arrived at the lanes with a career average of 113.50 and this wasn't the year to improve that average as he ended the day with a 111 average after four games.

#### **2010 Prediction: 5<sup>th</sup> Place**

They will again be in the hunt for points in all three events. However, If they get another tough seed in horseshoes, they may suffer the same fate as SNC 14.

## LET IT RIDE

YEARS IN LEAGUE: 12

CHAMPIONSHIPS: 0

### **2009 Sierra Nevada Classic – Last Place (0 Points)**

This all Carson Solon Team was locked and loaded for their round at Silver Oak. There weren't too many holes they didn't birdie on the front nine. They played well enough on the back nine to have a shot to take first place when teeing off on 18. With a birdie on 18, they would force a tie with Full House for the title. With an outstanding drive, they were within striking distance of the green on their second shot. What happened next? Tin Cup. Once the smoke had cleared, they would end up in 5<sup>th</sup> place and out of points. After this unfortunate day on the green, Let It Ride would never recover and the wheels began to come off for the rest of the weekend. Their horseshoe tournament was over as soon as it started. They ran into the eventual champion Colt .45s and lost both split squad matches 7-21 to head to lunch pointless. They hit the Carson Lanes and actually bowled well enough to secure a 5<sup>th</sup> seed for the 1<sup>st</sup> round. But they were quickly disposed of by Full House and hit the lounge with zero points and last place in the tournament.

### **The Team:**

#### **Johnny "The JB" Borda – Captain**

It was the JB that made the call to go for the green instead of laying up and playing for the tie with Full House. Looking back, this was most likely not the best captain's decision in SNC history, but his team's name is Let It Ride, and that's what they did. With not the best golf game in the tournament, Borda played well enough to get his two tee shots in and help out when needed. His horseshoe game was uneventful where he totaled 5 points with one ringer. His first game at the alley was tough to watch with a 94. He would snap out of it in the first round with a 129, but by then his team's fate was sealed. With the karaoke machine not running, the JB would have to rely on the juke box to drown his sorrows in the lounge.

#### **Jim "Chilinch" Tierney (MVP – 2004)**

Chilinch's day got off to a great start where his tee shot drove the green. It was pretty much all gravy for Tierney after this as he would go on to dominate the course and if not for the teams play on 18, he had maybe the best round of the day. The next day wasn't as kind as his tournament begin to slowly head downhill after a poor showing in the pits with a one match total of 5 points and 1 ringer. Next, his two game average of 119.5 was well below his SNC career average of 132.09 and his day would end in the lounge without a single point for tournament weekend.

#### **Toby "The Serb" Basta**

The Serb's day at Silver Oak was pretty much unwatchable were it was a stretch to get two tee shots from him out of 18 holes. Not many of his balls were used in the scramble format. This performance in SNC 14 had Basta hire an off season coach to work out the kinks. His performance at the horseshoe tournament would also not make the highlight reel with a total of 2 points and zero ringers. To his defense, he only had the opportunity to pitch 20 shoes. After lunch, he readjusted the toupee and headed to the Carson Lanes with nothing to lose. His score of 199 in the qualifying round was a refreshing sight as he helped his team advance with the 5<sup>th</sup> seed, but his luck ran out in the 1<sup>st</sup> round as he ended the forgettable day with a score of 99.

#### **Ryan "Gorko" Berkich (ROY – 2007)**

Gorko unleashed the hounds on nearly every tee shot throughout the day. This kid can really mash the ball and without a doubt had the longest drives during SNC 14. He was the cause for many of his team's birdies and will keep them in the hunt for points every year going forward. His horseshoe play would mirror that of his three teammates. His one game total of 3 points and zero ringers with 28 shoes pitched was nothing to write home about. Things started well at the lanes with an opening score of 120 in the qualifying match. But the 80 pin score in the 1st round had him heading to the lounge for the hard stuff to ease the pain.

### **2010 Prediction: Last Place**

Even if this team gets points in golf, the two events of horseshoes and bowling look to be very difficult for this squad. It may be a long, rocky road ahead for these Solons.
